

## Donations

When the Fair Trade Club makes a profit from a fundraiser, the club discusses organizations to consider for gifting.

In 2018, we helped a bake sale @ Laurel and profited \$200.

We kept \$100 for future needs.

We donated \$100 to Global Mama's because it is a fair trade company that empowers women.<http://www.globalmamas.org/>

Our 2nd fundraiser was at the Laurel/Cleveland Heights Lacrosse Invitational. We were able to use baking supplies, cocoa, tea from previous sales and then used the \$100 to purchase more supplies.

We made a profit of \$401.00 from this enormous event. We need to be better prepared for the large crowd. I will write up a separate action plan for this specific event as we will do it again next year and entirely possibly other sporting concessions.

We put in our Laurel Fund -\$201.

We donated \$200 to Rahab ministries because the organization is local and they are working to free girls and woman from human trafficking. Laurel, HB, and Beaumont are working together to help build a safe home and assist in finding employment that will allow these woman to make a living and receive medical care.
